ABOUT

GREENENVIR DEVELOPERS

- ▶ We understand the aesthetic yearnings that a nature lover craves for and has been instrumental in translating into manifestations in the form of landscape with lush green expansive surroundings, well manicured lawns, trees with rich foliage, resplendent with flowers of every hue and colour.
- ▶ We are engaged in Landscaping, Horticulture, Plantations, Indoor Plants, Maintenance & Nursery Development.
- ▶ We had our modest beginning in the spring of 2012 and experience gained over the years, executed projects worth more than 1 Cr.
- ▶ We have a well-knit team of renowned Horticulturists, qualified technical staff, support staff and skilled work force with adequate tools and equipment needed for carrying out uninterrupted work progress.
- ▶ We deploy separate independent work force at every work site for timely execution of assignments with quality assurance.

NURSERY

We have a nursery of our own where we develop plants and flowers of all varieties and sizes.

Our nurseries are located at : Gwalphari (Gurgaon):
6 Acres

We ensure compliance with the conditions of the Contracts with an abiding sense of keenness, involvement and commitment in all the activities involved in the Landscape, Horticulture, Plantation and Maintenance works we are entrusted with.

We stress upon supply of strong healthy plantations, genuine materials, quality of workmanship and timely execution of the assignment.

It is our earnest endeavor to make a success of any venture for our clients who we come into association with.

Horticulture, Landscaping and Plantation works are the fields in which we have the expertise, manpower and the experience. We strive to innovate and upgrade with creative and aesthetic yearning in pursuit of excellence and the satisfaction of a job well done.

WHY US ?

Manpower

Our organization boasts a cohesive team of esteemed horticulturists, qualified technical personnel, and a proficient workforce. We assign distinct, independent teams to each work site to ensure the timely completion of projects.

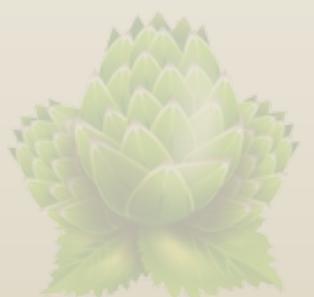

Tools, Equipment's , monitoring and Implements

We possess the necessary tools and equipment to ensure continuous work progress, whether in development or maintenance activities. We establish and rigorously follow the work schedules created, while also implementing checkpoints and monitoring work progress on a daily, weekly, and periodic basis.

Quality Assurance

We emphasize the importance of robust and healthy plantations, authentic materials, and prompt execution. Our commitment is to guarantee strict adherence to the terms and conditions, technical specifications, and systematic implementation of work.
